

SEALEGS

at the Beach

We are projected to open Saturday, May 30, 2020 and will be open 7 days a week until Labor Day. Like most establishments that serve food and beverage, our day-to-day operations have changed quite a bit due to COVID19. Please read the attached PDF that will go over the guidelines and precautions that State Parks and SeaLegs at the Beach are implementing to ensure the safety of our guests and staff. We recommend following us on Instagram as that is where we frequently update you with events, promotions, private event closures or a change in hours of operation.
